

- 1.) K-Love is one of the few FM radio stations in my area that serve the Christian public. From the day my wife first heard the station, that's all we've listened to in our cars and in our house. There are so many people that I've talked with at church and work that really enjoy this station.
- 2.) I feel that there are a large number of people in my area that enjoy contemporary Christian music. They don't want to listen to rap, rock, sports radio, pop, country or talk radio. We don't have a lot of choices in music.
- 3.) I believe that having K-LOVE remain on the air is clearly in the public interest. With so many people looking to be politically correct, sometimes its not fashionable to be considered "Christian". I think that ends up creating an environment where Christians are discriminated against. In these troubling times, K-LOVE lifts my family up.
